## From M5, Junction 4

Leave the M5 at junction 4 and head for Kidderminster A491. Go straight over the first island. Continue along the A491, at the second Island turn left onto the A456 towards Kidderminster. Take the left lane signposted Worcester A450, by the Shell Petrol Station. Take the second left signposted Broome onto Broom Lane (this is a small sign post; you'll know you've missed the turn if you get to Hackmans Gate). Take the second turn (ignore the farm track) on your right by the 3 way signpost opposite Broome Farm, then take an immediate left into Top Banana, The Studio.

## From M5, Junction 3

Leave the M5 at junction 3 and head towards Kidderminster on the A456. Go straight ahead over three roundabouts (still on the A456). After the third roundabout you will come to a large set of traffic lights. Turn left straight after these lights (in front of the car showroom). Continue along this road until the end where you will come to a roundabout. Turn right at the roundabout onto Broome Lane. Continue along Broome Lane past the "Broome" village sign and the duck sign! There is a left hand turn with a 3 way signpost opposite Broome Farm. Turn left into this road and The Studio is just on your left hand side.

## From Stourbridge

Follow the A491 from Stourbridge until you reach the large set of traffic lights at Hagley (just after you have passed the Foley Arms pub). Turn right at the traffic lights and turn left straight after the lights (in front of the car showroom). Continue along this road until the end where you will come to a roundabout. Turn right at the roundabout onto Broome Lane. Continue along Broome Lane past the "Broome" village sign and the duck sign! There is a left hand turn with a 3 way signpost opposite Broome Farm. Turn left into this road and The Studio is just on your left hand side.
